

Plan your summer fun now! Join our talented instructors for four days of classes that challenge your mind and stretch your imagination! This academic summer camp is for students entering the 1st through 6th grades in the Fall.

# Summer Youth College

July 12-15, 2021

## WEEKLY SCHEDULE

Classes Monday - Thursday 8:30 am - 11:45 am

### General Information:

Summer Youth College will be held Monday through Thursday, July 12-15, 2021, on the MCC North Campus in the Brown Badgett Center (BBC). All students will attend three classes that meet one hour each day from 8:30 am to 11:45 am. Students will be grouped into classes customized for their grade level (Grades 1 & 2; Grades 3 & 4; and Grades 5 & 6). This format will allow students to select three action-packed classes for one low fee of \$88. Daily snacks, classroom supplies and SYC T-Shirts are included in the cost.

*Register Early!*

Enrollment is limited to the first 10 paid registrants in each class.

SYC will be structured a little differently this summer to ensure the health and safety of all participants. Extra precautions will be taken including temperature checks, cleaning of the classrooms between rotations and participants will be required to wear masks.

## Class Selection

You will pick classes from the list below. Your student will attend the same three classes each day. Class enrollment is limited. Your child's class schedule will be based on their top rankings of classes. If a class you choose is full, or does not reach enrollment minimum, you will be notified so your child may pick an alternate class.

# Summer Youth College Class Choices

## Secret Life of Dogs with Sharon Mathias

It's a ruff life for our pampered canines. Learn about dogs and get tips and tricks for training and caring for your furry friend.

\*SC \*SS \*CT \*LA\*O

## Just Dance with Natalia Gordon

Hip Hop, Ballet, Jazz- it's more than just dance. Learn the techniques and art form of dance with an experienced dancer and studio owner.

\*AR \*DA

## I Wanna Asana with Monica Bidwell

Come learn the FUNdamentals of yoga! This class will teach you proper form, and even strength building-all in fun exercises you can do no matter where you are!

\*AR \*DA \*O

## Machine Tool 101 with Robbie Keown

Almost everything we use today is made, in some part, by machines. See the science behind the machines that make our everyday items and make your own objects with our CNC machines.

\*TC \*CT \*SC

## Once Upon A Pond with Charity Williams

There's more to your H2O. Test water samples, investigate under microscopes and magnifying glasses. Learn the importance of clean water and discover the habitats of the creatures and plants found in and around your creeks and ponds.

\*SC \*SS \*EC

## Art Exploration 101 with Parker Parrent

Get ready to explore! Through interactive and hands-on activities students will experiment, play and learn with the various forms of visual art. Ready to create your own masterpieces? Let's Van Gogh!

\*AR

## Mine Craft with Bart Allen

Video games don't have anything on our mine trainers. Welcome to real-life work underground. From pinners to miners and dump trucks, you'll train on the O.G. simulators that inspire today's gamers.
