West Broadway has an active SBDM Council, school PTO, and several school volunteers. We gather input from these stakeholders through surveys and participation in meetings, and this helps in the gathering of data and information needed to help us come up with more innovative ways to gain involvement at West Broadway. We have hosted different types of Family Nights based off of data we received and have seen an increase in parent involvement and engagement.

School's Purpose

Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs, including the year in which they were last reviewed or revised. Describe how the school embodies its purpose through its program offerings and expectations for students and how stakeholders are involved in its development.

West Broadway School is a safe place to learn, develop talents, and become successful. Our mission statement was developed during the 2002-2003 school year. It was a culminating experience of a professional development session on

creating a mission statement attended by our faculty/staff. Our mission statement was reviewed December 13, 2011, during a PTA meeting. West Broadway has adopted PBIS (Positive Behavioral Interventions and Supports) strategies which is a framework for assisting school personnel in organizing evidence-based behavioral interventions into an integrated continuum that enhances academic and social behavior outcomes for all students.
