

Hopkins County Primary Talent Pool & Gifted and Talented Students

Don't Miss these Exciting COURSE OFFERINGS!

Saturdays, March 18 & 25, 2023 from 9 am -12 pm

In case of cancellation due to inclement weather make up day will be April 15, 2023

Wildly Artistic *Open to Grades 2nd & 3rd*

Take a walk on the wild side as you draw and paint your way through the jungle and explore the animals of the Safari region. Students will learn different patterns and techniques of sketching and transferring their artistic vision to canvas. You might even discover how to integrate technology and robotics into art...

Instructor: Marco Rice

Building Bots *Open to Grades 2nd & 3rd*

Test your engineering skills in this STEM class to build a variety of robots. Students will be challenged to collaborate with peers through the design process, solve problems, think critically, build, and operate different types of robots. From simple machines to basic coding and programming, this class has it all!

Instructor: Kendall Riggs

The ART of Sculpting *Open to Grades 4th & 5th*

Art is more than drawing and painting. Join Mrs. Hofmann to explore your creativity in sculpting. Get ready to get messy with creating papier-mâché forms, sculpting clay pieces, fashioning mixed media masks and exploring other sculptural works.

Instructor: Melanie Hofmann

Coding Cars of the Future *Open to Grades 4th & 5th*

Are you ready to take your coding skills to the next level? Join us to design, code, and test drive the new RVR robots! Explore the technology behind self-driving cars. Students will be challenged to test designs, implement safety features, overcome obstacles, and code RVR to navigate a course.

Instructor: Keaton Frazer

Printmaking Media *Open to Grades 6-8*

Join Kohl Arnett, BSMS Art Instructor, for an art class on the principles of design and printmaking. Students will apply these principles while designing their own t-shirts. This course is designed to give students exposure to the world of printmaking. Join him as he demonstrates how to combine technical and conceptual work to communicate your ideas. Learn basic printmaking media through the creation of original artworks. **Instructor: Kohl Arnett**

Robotics: Urban Search and Rescue *Open to Grades 6-8*

If you like building robots and solving problems, then this is the class for you! Join Mr. Jamie Scott, HCCTC Engineering Instructor, in learning the basics of building and maneuvering a VEX IQ remote controlled robot. In addition, the sessions will include an obstacle course called "Urban Search and Rescue." This is an event in the SkillsUSA Career and Technical Student Organization (CTSO). **Instructor: Jamie Scott**

Spring 2023 Super Saturdays Registration Information

There is a \$10 Super Saturdays Registration Fee. All other expenses are being sponsored by Hopkins County Schools for this school year. Additional donations to assist in providing future scholarships for children who may not participate otherwise will be accepted. Please review registration requirements and options below.

Who May Register?

Super Saturdays are open to both gifted and exceptional students. All applicants must meet at least one of the following criteria:

- identification for the school's Primary Talent Pool or Gifted and Talented services
- score at the 90th%ile or higher on a Standardized Achievement Test Total Battery;

Students may qualify with a recommendation from a teacher, counselor, or principal stating that the student demonstrates high potential, is motivated to learn, can focus energy working toward task completion AND is able to work cooperatively in a group setting with challenging and accelerated content.

How Do I Register?

All Super Saturdays registrations must be completed online this year.

To register, please visit our Super Saturdays website to begin the process or use your smartphone to scan the QR code to get started. www.hopkins.kyschools.us/SuperSaturdays

We have tried to include required forms within the registration so no others will be required at drop-off, however, please make sure all fields are completed to comply with MCC and Hopkins County Schools policies and procedures or additional documentation may be required at drop-off.

Once a class is full, the option to be placed on the Wait List for that class will be added. If a spot opens in a class that was full, you will be contacted in the order of your registration.

PLEASE REGISTER BY: March 3, 2023. *Late registrations are accepted if space is available. Class cap is 18.

Where is Super Saturdays Drop-off and Pick-up?

NEW LOCATION- Super Saturdays will be held at the **Hopkins County Schools Career & Technology Center** this year, located at 1775 Patriot Drive, in Madisonville (between JMMS and Jesse Stuart Elementary).

You will drop your student off at the main entrance of the **Hopkins County Schools Career & Technology Center**.

Please walk your student in on the first day to check them in and receive your pickup number. Then we have an organized pick-up line where vehicles line up and display your child's number or notify us with alternate pickup information and proper identification.

Questions?

For answers to questions you may have about Super Saturdays, contact the Hopkins County Schools Office of Gifted and Talented Services (270) 825-6000 (ask for Lindsay Arnett or Kathy Carver).

Lindsay.arnett@hopkins.kyschools.us or Kathy.carver@hopkins.kyschools.us
